

Teacher's Quality Control Agreement

Dear Teacher _____:

Thank you for the wonderful lessons. In order to improve our quality of teaching, and to give the children the best, there was a system designed to make sure our teaching quality is well controlled. This system started to work on 2007/05/01, and we need your fully co-operation from the day you sign this agreement.

On the paper attached you'll see a **Quality Checking List**, all the requirements are listed there for you to check. The school lady will see if you meet the requirements in every lesson you have, and pass a notice to the teachers who don't meet the requirements. Please understand that the notice is not to force the teachers to follow rules, but to understand and help teachers reach the requirements. Please remember to feedback the notice with your signature on it and pass it to the school lady.

Thank you for your co-operation.

Please sign here as an agreement and pass this letter to the school lady before (/).
